Gus Bates
Club Chairman

Thank you for your interest in being a part of our journey. Hopefully together, we will continue to achieve great things.

OUR VISION

Our vision is to provide football for all!

We are a community-based club who are passionate about developing people as well as footballers. We support the welfare of our players, volunteers and those who join us on the journey.

We are ambitious and are always looking at ways to improve our offering, the football club and its facility.

OUR CLUB

Aylsham Football Club based at Youngs Park, Aylsham in Norfolk. We are an ambitious club providing quality coaching, competitive teams and an environment to enjoy and develop, both on and off the field.

Our home is Youngs Park which is owned by the Charitable Trust, Youngs Community Sports. The Trust was formed to safeguard the football club and our ground to ensure it is effectively managed by local football people for as long as Aylsham wants to have a football club, essentially, a very long time. To continue to provide quality opportunities for the local community across all age groups, we need your support.

We would like to take your business with us on this exciting journey! As we strive for progression, your business will benefit from the increased exposure of our fantastic partnership.

OUR HISTORY

Aylsham FC, originally known as Aylsham Boys Club, has a storied history that dates back to 1946. The club was founded by local businessman William Holman and Jimmy Williamson. A group of enthusiastic local boys, who met weekly at the scout hut to play snooker and darts, formed the initial team, playing their home games on a pitch on Cromer Road. By 1947, the club had renamed itself Aylsham Wanderers, embarking on a journey that would see it grow and evolve over the decades.

Over the past five years, we have experienced significant growth and development, both on and off the pitch. The club has focused on enhancing its facilities and infrastructure to support the growing number of players and teams. In 2024, the club will celebrate the opening of a new state-of-the-art 3G pitch at Youngs Park, a project that will be instrumental in allowing year-round training and matches, and give our players the best opportunities available. This investment has not only improved the quality of play but also increased community engagement, with more local residents participating in club activities.
